PROFESSIONAL EXPERIENCE

DEMOSTACK, TEL AVIV, MARCH 2026 TO AUGUST 2026

FOUNDING PRODUCT MARKETING MANAGER

(Role eliminated in a layoff that cut 60% of the company's workforce)

- Built product marketing from scratch as the first PMM hire and shifted the business toward enterprise deals, working with sales on every opportunity side-by-side.
- Led the launch of the company's AI and agentic offering (enablement agents and MCP), owning positioning, naming, value-driven messaging, competitor differentiation, sales collateral, customer validation, website content, PR, enablement and launch comms.
- Proactively engaged with customers and prospects (F2F, Zoom, Gong) to extract unknown use cases and needs that shaped the roadmap and positioning, and to create market-facing customer proof such as case studies, testimonials and G2 reviews.
- Built AI agents to automate long-standing bottlenecks in case study creation and product launches with Claude Cowork.
- Drove pipeline and brand exposure across multiple go-to-market motions, such as:
 - Community- and partner-led collaborations with leaders relevant to Demostack's ICP, including the organization of a [vibe coding hackathon](#) that generated 3 enterprise SQLs.
 - Organic and paid campaigns built on product marketing content.

PMMIYA COMMUNITY, TEL AVIV, FEBRUARY 2026 TO PRESENT

Manage Israel's largest [product marketing community](#), delivering high-quality content in the form of events, podcasts and webinars packed with practical, ready-to-apply GTM insights.

WINDWARD MARITIME AI, TEL AVIV, MAY 2023 TO MAY 2025

HANDS-ON PRODUCT MARKETING MANAGER

- Owned the positioning and messaging of the company's AI story, contributing to [its acquisition in 2025](#).
- Launched 3 technical products, translating complex features into solutions with clear, marketable value for the target audience.
- Led the go-to-market strategy and execution, from identifying audiences, use cases and USPs to training the business unit and deploying the marketing strategy, with a data-driven focus on measurable outcomes and KPIs.
- Collaborated with analysts (such as Gartner), industry thought leaders and [award organizations](#) to position Windward as a category leader.
- Enabled sales and CS with battlecards, objection handling, discovery guides, one-pagers, sales slides, competitive analyses and FAQs.
- Served as the company's subject matter expert on both domain and product-related topics, training customer-facing teams, guiding strategic initiatives across the organization and representing the company in public forums such as webinars, analyst briefings and industry conferences.
- Developed user-facing content—including user guides, feature announcements and demo videos—focused on clarity, simplicity and practical value.
- Wrote product marketing content tailored to enterprise-level sales cycles, aligning assets like landing pages, case studies, whitepapers and webinars to the right audiences to drive prospect progression through the funnel.
- Represented the voice of the market, talking to customers and prospects directly, tracking the competitive landscape and turning those insights into positioning, campaign and product decisions.

CELLEBRITE (NASDAQ: CLBT), PETAH TIKVA, DECEMBER 2021 TO APRIL 2023

SENIOR MANAGER, PRODUCT MARKETING

- Led the category shift from offensive cybersecurity to digital intelligence, owning positioning, the competitive narrative and GTM materials for security, intelligence and law enforcement buyers.
- Led product launches end to end with Product and R&D, from naming and positioning to sales narrative, launch assets and GTM across channels.
- Built ongoing customer engagement programs: testimonials, customer surveys that evolved into published reports and localized field activities.
- Executed large-scale training events, including SKO, resulting in sales and CS teams being equipped with sharp, persuasive narratives and the product expertise needed to win deals.
- Armed sales with the enablement reps used to close deals: battlecards, objection handling, discovery guides, demo narratives, competitive analyses and sales presentations.
- Translated deep technical forensic capabilities into sharp, buyer-facing content for inbound and outbound channels.
